

ControlScan Certifies Rampart Digital Technologies As Safe Shopping Site

In an effort to increase its Internet security, Rampartdigital.com, an online computer solutions provider, today announced that it has become certified by ControlScan, the Internet's first and only B2B third-party identity.

For Immediate Release

MARIETTA, Ga./EWORLDWIRE/April 14, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, Rampartdigital.com hired ControlScan and subscribed to the Business Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of Rampartdigital.com and certify the site's security.

"Privacy and security are the main concerns of consumers," says ControlScan President and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Business/Corporate/Enterprise Secure Plan, Rampartdigital.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

About Rampartdigital.com

Rampart Digital Technologies provides timely, affordable, high-quality, reliable OEM computer systems, related services, integrations and consultation for the home, for businesses and for governmental agencies at the local, state, and Federal levels.

About ControlScan

ControlScan provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate Web properties. Its solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure and to put processes and procedures in place to effectively implement online governance strategies.
