

ControlScan Certifies GreenFunStore.com As A Safe Shopping Site

In an effort to increase its Internet security, GreenFunStore.com, a leading online supplier of John Deere Merchandise, announced today that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWORLDWIRE/June 22, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, GreenFunStore.com hired ControlScan and subscribed to the Corporate Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of GreenFunStore.com and certify the site's security.

"Privacy and security are the main concerns of consumers," says ControlScan president and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Corporate Secure Plan, GreenFunStore.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

About GreenFunStore.com

GreenFunStore.com offers the largest selection of Officially Licensed John Deere merchandise found anywhere. Kids of all ages have enjoyed shopping on its site since its inception in May of 2000, with John Deere collectibles for every age and taste. GreenFunStore.com hopes that a visitor will have the time of their life browsing over 2000 John Deere products that can be found. Stop back often as new John Deere products are added on a weekly if not daily basis. GreenFunStore.com specialty may be John Deere clothing, John Deere hats, and John Deere toys by Ertl, but it has thousands of other quality John Deere licensed products in stock and ready to ship. Its diverse product offerings range from items as small as John Deere decals and stickers, up to quality John Deere Handheld Products like trimmers and chain saws, with most everything in between.

About ControlScan

ControlScan provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate Web properties. ControlScan solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure, and to put processes and procedures in place to effectively implement online governance strategies.
