

Next Generation Continuity Software

COOP Systems MyCOOP BCM Software Package Chosen By Leading Australian Bank

Global ASP-Delivered Package, myCOOP(TM) Version 5.3 BCM Software, Continues to Emerge as Leading New

For Immediate Release

HERNDON, Va./EWORLDWIRE/Aug. 22, 2006 --- COOP Systems today announced that ANZ, based in Melbourne, Australia, has chosen myCOOP(TM) 5.3 for its Business Continuity Management (BCM) program. MyCOOP has become a leading new ASP-delivered software package, supporting distributed BCM programs for global BCP programs. The full life cycle of the Professional Practices is delivered securely over the Internet with a powerful, integrated package.

"We are delighted by ANZ's selection and current implementation of our software. myCOOP which was chosen by ANZ, following its analysis of other BCM packages available globally. Our competitive cost, low risk from rapid deployment and extreme ease-of-use were substantial differentiators," said Chris Alvord, CEO of COOP Systems. "ANZ Bank is one of several customers that our new Australian office is now supporting for the Asia Pacific market."

About ANZ -Australia And New Zealand Banking Group Limited

ANZ's world headquarters are located in Melbourne, where it first opened an office as the Bank of Australasia in 1835. ANZ is a publicly listed company and was incorporated on July 14, 1977 in Australia. ANZ is the main holding and operating company for the Group, with a registered office at Level 6/100 Queen Street, Melbourne.
